RE: CARMEL OFFIE

Attached hereto is a blind memorandum concerning Carmel Offie, a Foreign Service Officer of the State Department. It is believed that this is the person of whom our friends inquired.

These data were obtained from Mr. Offie himself several months ago when the writer had occasion to interview him on an official matter.

Discreet inquiry of Mr. Winthrop Crane of the State Department on November 28, 1940, revealed that Offie was still stationed at the State Department, Washington, D. C.

Respectfully,

A. M. Thurston

MEMORANDUM FOR THE DIRECTOR

SAC Hottel of the Washington Field Office called at this time and advised that Carmel Offie, Secretary to William C. Bullitt, former Ambassador to France, was picked up in Lafayette Park by the police for being a pervert. Offie had no selective service card; however, he is all right with Local Board No. 10. Prosecution was declined because of no card and Hottel stated he believes the police will do nothing.

Offie resides at 2227 20th Street, N. W.

Respectfully,

parents were poor and illiterate having come to this country from Italy. Informant believed therefore that OFFIE is of Italian descent. Source also stated that most of OFFIE's family still reside at Sharon, Pennsylvania.

The telephone directory for the District of Columbia lists OFFIE as residing at 3105 Woodley Road, NW, telephone number DEcatur 9234. The motor vehicle records for the District of Columbia also reflect that 1950 D.C. license was issued to CARMEL OFFIE, 3105 Woodley Road, NW, for a 1947 black Mercury coupe, motor number 1449000.

Confidential Informant T-4 of known reliability who has been in a position to furnish information concerning the subject advised that on July 17, 1950, two men visited subject's residence in the morning on that date. These individuals were unknown to the informant, but he observed that one of them drove a black Chrysler sedan, 1950 Maryland tag number 605-894 and that the other drove a Buick stationwagon, bearing 1950 Maryland tag 666-336. The informant described these individuals as follows:

The person driving the black Chrysler was 5'7", 150 to 160 lbs., 40 to 45 years of age, dark hair, bald on top and wearing a green polo shirt and brown trousers. He was observed by the informant to carry some papers under his arm. The same informant advised that this individual when he left subject's residence was also carrying an arm full of papers and that he left with the individual believed to be Mrs. LEWIS and entered the maroon Nash sedan with her and was driven away. This informant also advised that shortly after these individuals left, the car returned and the woman believed to be Mrs. LEWIS reentered subject's residence while the unknown man remained in the car. Informant, however was not in a position to obtain information as to when this woman believed to be Mrs. LEWIS again left the subject's residence.

Confidential Informant T-6 of known reliability was also in a position to furnish information concerning subject's activities on July 18, 1950, and observed this woman believed to be Mrs. LEWIS enter subject's residence and further observed the maroon sedan which she was driving parked in the vicinity for the better part of that day.

Confidential Informant T-4 also advised subject was contacted by an individual on July 17, 1950, who was driving a black Chrysler sedan, bearing New York license number C-7847. This car was occupied by the man and woman, however the informant observed that the woman stayed in the car while the man entered subject's residence. He was described as being 6' to 6'3" tall, slender build, bald and wore a gray suit. Informant was not in a position to obtain a description of the woman.

Confidential Informant T-7 of known reliability who was in a position to observe subject's activities advised that on July 17, 1950, subject and an unknown man had dinner on the porch of subject's home, which was served by a woman who was also unknown to the informant. Informant further advised that after dinner subject and the unknown man left the residence in a taxicab and were driven to the Statler Hotel. The unknown man was observed to walk to the Lafayette Hotel, 16th and Eye Streets, NW, where he asked for the key to room 611.

It was subsequently ascertained by Special Agent Robert M. Horner that room 611 was occupied by NORMAN J. SCOTT and wife, Duke Street, Baumanville or Banmanville, Ontario, Canada. The hotel records reflected they registered on July 16, 1950 and indicated they would depart on July 20, 1950. Subject after leaving this man entered the Hotel Statler and entered the Men's Room. He was not observed to make any contacts. He then walked North on 16th Street and was observed to speak to an Army or Marine enlisted man who was also walking along the street. Subject then according to this source entered MICKEY's Grill at 1117 17th Street, NW, where he was observed to drink a bottle of beer and read a newspaper which he had previously purchased. Informant

stated he had then visited DAVID's BAR, 1123 17th Street, NW, where he was observed by the informant looking at a phone book. However, the informant was not aware of any contacts made by him there.

Both MICKEY's GRILL and DAVID's BAR have been reported by informants of this office to be frequented by individuals known to be homosexual. Subject was then observed by informant to proceed to the Mayflower Hotel and this source stated that while crossing Connecticut Avenue, subject spoke to a young man who did not stop. Upon arriving in front of the Mayflower Hotel informant stated subject engaged a taxicab and was driven to his residence.

The individual who was observed to enter the Lafayette Hotel, and inquired for the key to Room 611, is described as being 5'6" tall, weighing 150 pounds, heavy build, hair dark, graying and bald, about 52 years of age, and wearing brown suit with no hat. He is further described as having ruddy complexion, a sharp hooked nose and wore glasses.

Confidential Informant T-6 of known reliability who was in a position to observe the activities of the subject advised that on July 18, 1950 subject was in contact with an individual who subsequently was observed to enter the residence at 3814 Woodley Road.

Confidential Informant T-8 of known reliability advised that the persons residing at 3814 Woodley Road are ILIYA CHOUHENKOVITCH and Mrs. CHESTER PETERITAS. Informant believed that the latter individual was a Yugoslav since she reportedly receives mail from Yugoslavia. It was also stated by the informant that CHOUHENKOVITCH receives mail from the Yugoslav Desk, IDD, State Department.

The files of the Credit Bureau, 1221 G Street, NW, were checked by Special Agent Malcolm P. Carr and these files contained a report dated November 1, 1949 concerning ILIYA CHOUHENKOVITCH which reflected he resides at 3814 Woodley Road, and has been living there since October 15, 1949. He allegedly rents from Miss EMILY CHASE who resides at the Westchester Apartments. Miss CHASE reportedly advised the Credit Bureau that CHOUHENKOVITCH was highly recommended to her and previously resided at 5801 Chevy Chase Parkway. According to the Credit Bureau CHOUHENKOVITCH came to Washington, D.C. from Yugoslavia. He is not presently employed as far as could be determined by the Credit Bureau but was formerly Ambassador for the Yugoslav Government in Turkey for several years but apparently at present has no connection with the Yugoslav government. The credit report stated that it was learned CHOUHENKOVITCH does not agree with the present form of government in Yugoslavia and therefore sold his property and came to the United States for permanent residence. He reportedly has two children, but their names and employments were not available to the Credit Bureau.

Confidential Informant T-11 also made available an office memorandum entitled "CARMEL OFFIE". This memorandum was a blind memorandum and there was no indication of its source. It reflected the following information:

"A confidential informant of extremely high reliability and who has done a considerable amount of undercover work for me and who has met the subject gave the following information. OFFIE is a class four foreign service officer in Germany. He is single, not effeminate. He visited [redacted] an admitted homosexual on several occasions when in Washington, D.C. One night on leaving [redacted] home in a cab, OFFIE propositioned the informant and told the informant he would like to go to bed with him. The informant said 'I don't understand what you mean' and OFFIE said 'Oh yes you do I would like to sleep with you.' [redacted] later told informant that OFFIE is as queer as a three dollar bill. Informant advised that among his close friends OFFIE is 'gay' on parties and occasions when he has seen OFFIE. The informant advised that OFFIE is known among the Washington higher-up homosexuals as 'one of us'. Confidential Informant L-4 who admitted to me that he is a homosexual stated he has always heard that CARMEL OFFIE is a homosexual. Informant advised he never had any relations with OFFIE but that OFFIE has the reputation of being homosexual and it is well known. [redacted] and [redacted] told me that CARMEL OFFIE had the reputation of being a homosexual and that a lot of people were aware of this fact. [redacted] advised that one [redacted] formerly in Germany with the Foreign Service but now in Tokyo with the service was at one time [redacted] to OFFIE and found him to be homosexual. According to [redacted] OFFIE took a boyfriend away from [redacted] and this made her quite angry. [redacted] (S)(U) who admitted to me that he is a homosexual and who subsequently resigned from the State Department because of this told me that OFFIE is a very good friend of his and that OFFIE is certainly a homosexual. [redacted] denied any relations with OFFIE, because 'we are not sexually attractive to each other' but that OFFIE is nevertheless a homosexual and is known among quite a few of [redacted] friends as a homosexual. I have official reports from Germany which indicated quite emphatically that OFFIE has the reputation in Germany of being a homosexual. OFFIE was arrested by the Metropolitan Police Department September 8, 1943, for 'investigation, disorderly conduct, perversion'."

In connection with an investigation conducted concerning CHARLES WHEELER THAYER, Confidential Informant T-11 made available a report concerning THAYER's activities. In this report it was stated that THAYER and CARMEL OFFIE were very good friends and that they were both in Moscow together with Ambassador BULLITT. (S)(U)

A physical surveillance of the subject was instituted by this office on the morning of July 17, 1950, in accordance with instructions contained in Bureau letter of July 10, 1950. The instructions issued with respect to the surveillance were that it was to be conducted in a discreet manner for the purpose of ascertaining the contacts and activities of the subject. This point was emphasized inasmuch as the subject's residence is located in a residential district [redacted] in an area known to this office in view of the fact that the residence [redacted] of the Soviet Military Attaché is situated at 3109 Woodley Road, N. W., whereas the subject resides at 3101 Woodley Road, N. W. [redacted] (S)(u)

leather zipper case. He proceeded to People's Drug store at 2616 Connecticut Avenue, N. W., where he made a telephone call and had a soft drink. The surveilling agents observed that the manila envelope appeared to contain three cylindrical objects about the size of Ediphone records. This individual left the drugstore by the rear entrance, walked to the lobby of the Shoreham Hotel, and was observed seated in the foyer at the front door of the hotel. This individual was last observed at 4:35 P. M. It is noted that the agents on this surveillance reported that this individual gave no evidence of being aware of a physical surveillance.

As will be noted later, the subject was observed on only a few occasions during the course of the surveillance, and likewise gave no evidence of being conscious of a surveillance.

WFO Car #165 was used again on the afternoon and evening of July 19, 1950. On neither occasion did the agents assigned to the surveillance and using this car cruise in the neighborhood or park in an obvious manner. The surveillance has been maintained from a point at least 75 yards distant from the residence of the subject and so located that the surveillance car is screened from the vision of persons at the subject's residence but affording vision to the surveilling agents through heavy shrubbery of the subject's front door. It is noted that 1950 District of Columbia Registration #2-2503 is issued to [redacted] for a 1949 Pontiac Coupe. It is noted further that [redacted] resides at [redacted]. On the evening of July 17, 1950, the subject was observed dining on his front porch with an unidentified man. It was observed that they were served by a woman whose identity is not as yet known. The subject and the unidentified man left his residence at 10:30 P. M. and both proceeded to the Statler Hotel where they separated. The unknown man proceeded to the Lafayette Hotel where

it was ascertained that he is one NORIAN J. SCOTT, who registered on July 16, 1950, and was scheduled to leave on July 20, 1950. He gave his address as Baumansville (spelling not certain), Ontario, Canada. After leaving SCOTT, the subject entered the Statler Hotel, bought a newspaper, and then entered the Men's Room. No contacts were observed. Upon leaving the Men's Room, he left the hotel and stood on K Street, N. W., near the automobile entrance of the hotel, and read his newspaper for about 20 minutes.

He then walked north on 16th Street, N. W., and was observed to speak to an Army or Marine Corps enlisted man who was also walking north. He then proceeded to Mickey's Grill at 1117 - 17th Street, N. W., and entered. It is noted that this place is reported by informants of this office to be a hangout for perverts. He sat at the bar and then moved to a booth where he drank a bottle of beer while reading the newspaper. About 10 minutes later, he left and walked to a parking lot next to David's Bar, 1123 - 17th Street, N. W., where he looked over the parked cars and then entered the bar. He was observed examining a telephone book. No contacts were observed and the subject then left this place and walked to Connecticut Avenue, N. W., by way of the alley next to the Mayflower Hotel. He crossed to the west side of Connecticut Avenue, N. W., and while crossing was observed to speak to a young man who did not stop. He then crossed to the front entrance of the Mayflower Hotel where he hailed a cab and proceeded home, arriving there at about 11:35 P. M.

In addition to the above, the following individuals have been identified as being in contact with the subject during the course of this surveillance.

On Both July 17 and 18, 1950, a woman was observed at the residence of the subject. She was driving an automobile registered in the name of GEORGE DTEENDORF LEWIS, Jr., 6033 North Washington Boulevard, Arlington, Virginia.

At the same time that this individual visited the subject, another individual accompanied him. • J(SX) OR (W)

On the evening of July 18, 1950, the subject left his residence and proceeded to 1726 - 20th Street, N. W., which he subsequently left with an unidentified man. They proceeded to the Olney Inn, Olney, Maryland, and had dinner. After dinner, the subject drove this man to 1726 - 20th Street, N. W., after which the subject returned home.

On July 19, 1950, the subject left his residence shortly after 5:00 P. M., entered his automobile and proceeded toward Connecticut Avenue, N. W. It was not possible to maintain the surveillance without jeopardizing the security. The subject's actions between that time and 10:50 P. M., at which time he returned home, are not known. It is noted that the subject has been seen only once or twice during daylight hours, coming to the door of his residence to pick up a newspaper or to engage in similar innocuous activity.

Investigation is continuing to identify other individuals who have been observed to contact the residence of the subject during this surveillance.

The physical surveillance of the subject was discontinued at 11:15 A. M. on the morning of July 20, 1950, in accordance with Bureau instructions.

The Bureau has a considerable amount of material in its files concerning Jay Lovestone. The following seems to be particularly pertinent to the information set forth above regarding Lovestone's connection with the American Federation of Labor [redacted] (S)(S)

In 1947, Jay Lovestone's address was reported to be 1710 Broadway, New York City, which is the address of the present office of Carmel Office. (See page 24)

(61-1292-84)

On December 1, 1948, Detroit informant [redacted] advised that through Sacha Zimmerman, Vice President of the AFL International Garment Workers Local 22 at New York and a former member of Lovestone's group, Lovestone became acquainted with David Dubinsky. The informant reported that as of December 1, 1948, Lovestone was Head of the Political Propaganda (Anti-Communist) Division of the AFL in the United States and Europe. (This information from the informant is not for dissemination). (61-1292-81)

On February 16, 1949, agents of the Washington Field Office interviewed John T. Jones, Vice President of the United Mine Workers. Jones pointed out that as of that time Lovestone was right-hand man and European representative of David Dubinsky, IGWU President. He said that both Lovestone and Dubinsky had openly bragged that they had been successful in placing Lovestone's

[redacted] was advised that the Bureau had conducted no investigation concerning Lovestone since 1942, but several reliable informants who were acquainted with him had advised that in their opinion he was anti-Communist and was actively working against the Communist Party. The Bureau stated further: "However, during the past few years, several informants, who themselves were formerly active in the Communist Party, have expressed doubts as to whether Lovestone can be completely trusted. These informants have stated that Lovestone continued working for the CPUSA after having been expelled from the Communist Party and they consider it possible that Lovestone may have adopted his anti-Communist role for a specific purpose and that he may still be a Communist and a very dangerous individual." (S)(X)(u) (100-354680-1 and 2)

On December 13, 1942, our New York Office submitted a closing report in the Lovestone case in which it was revealed that, according to INS records, he said his name originally was Jacob Liebstein. He has indicated his place of birth as being Malchad, Poland and Grodno Province, Russia. (61-1292-70 and 84)

banking accounts should be reviewed to determine whether any large  
amounts, which cannot be accounted for through Offie's regular in-  
come sources, have been deposited to the accounts. It should also  
be ascertained, if possible, whether there have been any charges  
against the accounts for sums paid to individuals in Paris. Attention  
also should be given to any possible credits to the accounts from  
sources in France in the nature of rental collections for real property. (S)

This matter should be given immediate attention and the Bureau  
advised of the results thereof by memorandum. The material contained  
in this memorandum, together with the results of any inquiries based  
thereon, should be set forth only in the Administrative sections of  
reports submitted in the Offie case.

MEMORANDUM:

RE: CARMEL OFFIE

During the course of a physical surveillance in Washington, D. C., of captioned individual, the following observations were made:

On the evening of July 17, 1950, Offie left the Hotel Statler and walked north on Sixteenth Street. He was observed speaking with an Army or Marine enlisted man who was also walking along the street and who apparently was a casual contact. After speaking briefly with this enlisted man, Offie proceeded to Seventeenth Street and entered Mickey's Grill at 1117 - 17th Street, N. W. Offie remained at Mickey's Grill for several minutes, drinking a beer and reading a newspaper. He then proceeded to David's Bar, 1123 - 17th Street, N. W., where he spent several minutes looking at a telephone directory. He was not observed to make any contacts either at Mickey's Grill or David's Bar. Both of these establishments have been reported by informants to be frequented by individuals known to be homosexuals.

Upon leaving David's Bar, Offie proceeded to Connecticut Avenue. In crossing Connecticut Avenue, he spoke to a young man who did not stop. Upon arriving in front of the Mayflower Hotel, Offie engaged a taxi cab and was driven to his residence.

The above is forwarded for your confidential information and not for further dissemination.

Information has been previously set forth to the effect that an individual had contacted OFFIE at his home and had been driven there in an automobile bearing New York License Number C-7847. At this time the car was occupied by a man and woman and it was noted that the man entered OFFIE's home while the woman remained in the car. Inquiry was made at the New York State Department of Motor Vehicles and this office was advised that the above mentioned car is registered to ~~HILLA DEL RE~~, Continental Hotel, Washington, D. C., for a 1947 Chrysler Sedan.

Inquiry at the Continental Hotel, Washington, D. C., reflected that ~~HILLA DEL RE~~ had registered there at one time under the name of ~~HILLA WEHBERG DEL RE~~. The writer was advised that she had stayed at the hotel for sometime while seeking an apartment and that she had left a forwarding address of 2340 11th Street North, Arlington, Virginia, Apartment 201, Telephone Number Owens 0018.

The files of this office reflect that in the latter part of 1940 an investigation was conducted concerning HILLA WEHBERG as an applicant for the position of Translator and Research Assistant, Immigration and Naturalization Service. According to the application which she filed for this position, she indicated that she then resided at 1708 New Hampshire Avenue N. W. and that her legal residence was 607 Hudson Street, New York. She was born January 2, 1912 at Dusseldorf, Germany, and gave her father's name as ~~HANS~~ WEHBERG. She was educated at The Swiss Federal College, Geneva, Switzerland, 1929 to 1932; University of Geneva, 1932 to 1933, and the University of Chicago, 1934 to 1936, from which institution she received an AB Degree. She indicated the following employments:

~~SECRET~~ADMINISTRATIVE

Library, University of Chicago, 1934 to 1935.  
Research Work, Dr. HAROLD D. LASSELL, 1935 to 1936.  
Research Assistant, Dr. ALVIN JOHNSON, 66 West 12th  
Street, New York City, 1937.  
Research Work, Dr. SIDNEY WALLACH, 386 Fourth Avenue,  
New York City, 1938.  
Executive Secretary, Metropolitan Motion Picture  
Council, New York University, 1938 to 1939.  
Assistant to Director, New York University, Educational  
Film Institute, 1939 to 1940, and also performed free  
lance translation work for the American Jewish Com-  
mittee.

The Immigration and Naturalization Service files which were checked during the investigation reflected that she was known as ~~HILLA WEHBERG SHARP~~ and that she had made a petition in the U. S. District Court at St. Louis, Missouri dated October 27, 1934 for naturalization and that she had been issued naturalization certificate number G-3878143. This petition revealed that her full name was ~~HILLE~~ GIEN WEHBERG SHARP and that she had been born at Dusseldorf, Germany January 2, 1912. Her husband was given as Dr. CECIL A. S. SHARP. They were married July 18, 1933 at Geneva, Switzerland. Dr. SHARP was born at Wheatfield, Illinois October 30, 1908. This petition further stated that she emigrated from Switzerland via Quebec, Canada and entered the United States at Detroit, Michigan under the name of HILLA WEHBERG SHARP on September 1, 1933. In her petition for naturalization she also asked that her name be changed back to HILLA WEHBERG since she had divorced Dr. SHARP on October 1, 1935 on the charge of desertion and the decree so provided. The following description of this individual was contained in the Immigration and Naturalization Service files:

Color	White
Complexion	Medium
Eyes	Gray-blue
Hair	Dark blond
Height	5' 4"
Weight	140 pounds

It was also indicated that her father, HANS WEHBERG, was then a Professor of International Law at the University of Geneva, Geneva, Switzerland.

~~SECRET~~ADMINISTRATIVE

Confidential Informant T-5, of known reliability, advised on March 11, 1946 that the State Department records disclosed that HILLA WEHBERG inquired about a position with that agency at which time she indicated that she had been employed by the News Reel Section of the American Military Government, Berlin, Germany. This source also advised that on May 16, 1946 she had made application for a passport for the purpose of visiting France for 12 months on official business for the War Department. This source also stated that a previous passport had been issued to her on February 15, 1944 for travel in Algeria and that it was issued since she was traveling on official business for the Office of War Information.

The records of the Overseas Branch, Civilian Personnel, Office of the Secretary of War, War Department, show that she had been appointed Foreign Affairs Analyst, June 27, 1946, and on that date had left the United States for duty at Paris, France. Her personnel file at the Office of War Information indicates that she entered on duty as a Regional Specialist with that agency on February 27, 1943. On August 16, 1943 she was made a Senior Assistant Field Representative, and on April 1, 1944 was made Associate Field Representative at Berlin, Germany. On September 26, 1944 she was designated as a Propaganda Analyst in Italy. On September 1, 1945 her headquarters were in Naples, Italy. On June 27, 1946 she was transferred to the War Department. *4*

A check was made at 2340 North 11th Street, Arlington, Virginia, and it was observed that a 1947 Chrysler, black in color, bearing New York License C-7847, was parked in the vicinity of this address. It was also ascertained that one of the mail boxes bore the names G. DEL RE, and HILLA WEHBERG DEL RE. This address is located in a development known as Lee Gardens North in Arlington County, Virginia. It appears that HILLA WEHBERG has possibly remarried and that her husband is G. DEL RE, the name which appeared on the mail box, however, it is not known if he is the individual who accompanied her to OFFIE's home.

Information previously received indicates that OFFIE was visited by an individual named

This source also advised that OFFIE deplored the fact that our troops should be humiliated on the field of battle by the Korean Communists, who, he stated, were always underrated by the Far Eastern Division of the State Department which boasted that one American Division could liquidate ten Chinese Divisions without any trouble. This source also stated that OFFIE had planned to go to Santa Barbara, California for a visit at the invitation of the sister and brother-in-law of "ACK" and would have done so on the Fourth of July if things had not worked out as they have. # LABOR

 By VICTOR RIESEL

BEHIND CLOSED DOORS in key Washington bureaus, a special \$10,000,000 "truth center" is being created. Then, for the first time, we'll have experts retorting to the enemy's charges that we're sending our GIs out to "butcher women and children" for some phantom of "Wall Street."

These specialists will run a labor propaganda agency for a high command, consisting of U. S. State and Labor Department executives. They'll heave in everything they've got—like labor movies to show that we're peaceful folk, such as Jimmie Petrillo's sonorous short showing our college kids listening to good music at the Tanglewood festival—before they cover their crew haircuts with war helmets.

We'll use the radio, secret missions, skillful propaganda, comic books now being prepared by the State Dept., everything available to get American labor's story across to Asia as quickly as possible.

We must move swiftly, for, as Dick Deverall, the AFL's special representative in the Orient, reported today, "we are losing everywhere in Asia."

This propaganda center will hammer away at one momentous theme: Labor is free in America; labor's life is better in America than anywhere else on earth; labor's wages here are the highest; only the extreme radicals inside labor are in disrepute, the others, such as Norman Thomas' Socialists, are unhampered, respected and, in fact, head some of our most influential unions.

For almost a year, the State and Labor Departments have been working on this international network of labor information centers. Now the blueprint for propping up our propaganda, aimed at the world's workingmen, is almost drafted. It calls for a central staff in Washington, directed by special "information" agents in the Public Affairs Office of everyone of our embassies.

As one State Department official put it:

"There's a vast and almost unbelievable amount of ignorance about us, especially in Asia. So there's a general education job to

do as well as counter-propaganda tactics. Believe me, before we can tell them how wonderful we are, we really must tell them who we are."

If you don't believe we need American laborites to set our Asiatic neighbors right, read this belch by the Chinese International Service, out of Peking. The broadcaster is introduced as Chiang Wei-ling, "a model worker":

*"The U. S. Government hates to see the new China growing on the road of reconstruction under the leadership of the Chinese Communist Party, but we shall not tolerate the invasion of our territory and we are confident that we shall stop them from doing so."*

That came over the Chinese air on the afternoon of Aug. 30. We need no professional propaganda analyst of the Oriental mind to see immediately that Peking is preparing its people for the dispatch of those 200,000 veteran Chinese troops down the Korean peninsula against our GIs—some of whom were the bucolic heroes of Petrillo's film of harmonic joy in the Berkshire Hills only a year ago.

That same broadcast said:

*"Many pledges of support were voiced in the capital for Foreign Minister Chou-En-lai's protest against the provocative invasion of Chinese territorial air by the American Air Force. Workers and student organizations pledged their support in all eventualities. Workers of Peking's steel, iron, munitions, power and other plants recorded their indignation at meetings which were held immediately after the news of the American air attack was received. Chow Moon, vice-president of the Peking Trade Union Council, said, 'We workers will back up our support with a general movement to increase production.'*

This is war production, brother, to throw at our armies. That's how the enemy whips up its workers. Now our steel workers, railway brotherhoods, all our people will have a channel to reach the "indignant" Chinese and tell them they're really fighting fellow-workers in America, who want only true peace.

Confidential Informant T-1, of known reliability, who was in a position to furnish information concerning subject, advised [REDACTED] that he observed in the possession of subject a memorandum which was undated and the source of which was not indicated entitled "Family SHUMENKOVICH". Informant stated that this memorandum contained information to the effect [REDACTED] ex-Ambassador SHUMENKOVICH, Yugoslavia, was called up by the local draft board for a physical examination; that he was 24 years of age; [REDACTED] and that [REDACTED] of the family. Informant stated that the memorandum pointed out that none of the family are United States citizens and hope to return to their native country when it is free. The Informant also stated that there was no request contained in the memorandum for any positive action on the part of subject to take steps to have SHUMENKOVICH deferred from serving in the Armed Forces of the United States. (X)(S)(5)(U)

This memorandum, in all probability, refers to the family of [REDACTED] former Yugoslav Diplomat, who is reported (X)(S)(U)

[to have been possibly in contact with OFFIE on previous occasions. This same source also advised that OFFIE had either purchased or was contemplating the purchase of a house at 3318 Rowland Place and that he was attempting to rent it to an individual named HECTOR, but that he also had considered renting it to an unknown French Diplomat. The informant did not know the identity of the individual referred to as HECTOR, however, it is pointed out that previous information received indicates that OFFIE has been in contact with one HECTOR J. DOWD, 8 West 40th Street, New York City, and it is possible that the HECTOR mentioned by Informant is identical with this individual.] In this connection, the Evening Star newspaper of September 8, 1950, in the column written by BETTY BEAL, there appeared the following information: "If there's a slump in local real estate, CARMEL OFFIE doesn't know about it. The former Foreign Service Officer, who spent most of his 17 years service in Europe and knows it like the palm of his hand, resigned two years ago to take up the study of law in Washington. He bought his Woodley Road abode from the GODWIN ORWAYS and asked FRANCES ROSSO, wife of former Italian Ambassador ROSSO, to decorate it for him, which she did, and very tastefully. Now he has purchased a house on Rowland Place which another Ambassador's wife will decorate for him. She is IRENA, the sculptress wife of JOHN WILEY, who recently returned from his last post in Iran and is awaiting his next assignment.

(S)(u)

"That word, however, gets around this town like lightning and that shelters must be as scarce as hens teeth, OFFIE will testify. He has been besieged with offers from would-be rentees and as yet he hasn't even received title to the house." (S)(u)

A check made at the Office of the Recorder of Deeds has failed to reflect that up to the present time any deed has been put on record indicating a transfer of title of these premises to OFFIE. In connection with his purchase of his present home at 3105 Woodley Road, N. W., a check was made of the records of the Recorder of Deeds for the District of Columbia reflecting a deed dated October 18, 1948, by which [redacted] and [redacted] his wife, [redacted] by the entirety conveyed to CARMEL OFFIE, unmarried, the premises at 3105 Woodley Road, N. W., designated as lot 27, in square 2103. This deed was recorded on November 8, 1948, in liber 8863, folio 14, and was returned to Boss and Phelps Real Estate Company.

b7C~~CONFIDENTIAL~~

~~CONFIDENTIAL~~ADMINISTRATIVE~~SECRET~~

The recited consideration was \$10, however, Federal transfer stamps in the amount of \$38.50 were attached to the Deed which would indicate that the property sold for about \$35,000, since 55 cents in stamps are required for each \$500 of consideration. It was also reflected in liber 8863, folio 16, that on November 4, 1948, OFFIE executed a Deed of Trust to the Union Trust Company as Trustee for the Riggs National Bank to secure a personal note in the sum of \$19,500 at four per cent interest to be paid in equal monthly installments of \$156. This Deed of Trust covered the property at 3105 Woodley Road, N. W.

Confidential Informant T-2, of known reliability, has advised that OFFIE has received mail from [redacted] [redacted] United States Army. ~~(S)(u)(4)~~

The files of this office reflect that [redacted] applied for a position with the Economic Cooperation Administration in the early part of 1949. The information which she supplied that agency in connection with her application reflects that she was born [redacted] Switzerland. On February 16, 1949, agents of the Washington Field Office interviewed [REDACTED] of the United Mine Workers.

[REDACTED] pointed out that as of that time, Lovestone was right-hand man and European representative of David Dubinsky, IGWU President. He said that both Lovestone and Dubinsky had openly bragged that they had been successful in placing Lovestone's adherents in all or mostly all of the Labor Attachés' posts in United States Embassies in Europe. How they had been able to do this [REDACTED] had not been told but ventured the opinion that "Dubinsky has a pipeline to Truman or had one maybe to Marshall." (61-1292-86)

[redacted] We replied that the Bureau had conducted no investigation concerning Lovestone since 1942 but several reliable informants who were acquainted with him had advised that in their opinion, he was anti-Communist and was actively working against the Communist Party. We stated further, "However, during the past few years, several informants, who themselves were formerly active in the Communist Party, have expressed doubts as to whether Lovestone can be completely trusted. These informants have stated that Lovestone continued working for the OGPU after having been expelled from the Communist Party and they consider it possible that Lovestone may have adopted his anti-Communist role for a specific purpose and that he may still be a Communist and a very dangerous individual."

(100-354680-1 and 2) (S)(u)

On December 13, 1942, our New York Office submitted a closing report in the Lovestone case in which it was revealed that according to Immigration and Naturalization Service records, he said his name originally was Jacob Liebstein. He has indicated his birth place as being both Malchad, Poland, and Grodno Province, Russia. (61-1292-70 and 84)

Observations

(X)(S)

[redacted] If this information is verified, we have an indictable case against Offie. There are two ways of verifying it--(1) talk with Offie, and (2) talk with [redacted]. The first would probably result in a denial by Offie and would certainly acquaint him with the basis of our investigation of him. The second might verify the information but also might result in Offie's learning of the basis of our investigation. [redacted]

DETAILS: At New York City

At 1710 Broadway it was ascertained that this is known as the International Ladies Garment Workers Building. This building is occupied almost in its entirety by the International Ladies Garment Workers Union. The building directory did not reflect the subject's name as occupying an office in this building. It did not reflect that the subject's organization known as the International Labor Information Service occupied any offices in the building. It was reflected, however, that Room 205 was occupied by JAY LOVESTONE, who is also the subject of an Espionage - [IS] (R)(u) investigation at New York.

Concerning JAY LOVESTONE, he was born on December 15, 1897. His birthplace is indicated as both Malchad, Poland, and Grodno Province, Russia. LOVESTONE immigrated to the United States in 1907 and became a naturalized citizen February 7, 1919. LOVESTONE was formerly active in the Socialist Party, the Communist Party, and in the Communist Party (opposition) which was founded by himself but is now extinct. LOVESTONE is presently an advisor to DAVID DUBINSKY, President of the International Ladies Garment Workers Union. LOVESTONE presently is residing at 1 University Place, New York City.

Inquiries were made at this address with negative results in an attempt to determine the New York address utilized by the subject. LOVESTONE at the present time is allegedly anti-Communist and actively engaged in anti-Communist activity.

It is noted in referenced letter dated August 31, 1950 from the Bureau to Washington Field that the subject's telephone listing in New York is Columbus 5-7000. This telephone listing is the main listing for the ILGWU at 1710 Broadway. By use of a suitable pretext, an attempt was made to verify the employment of the subject at 1710 Broadway. In this connection, JAY LOVESTONE advised that he was acquainted with the subject and that he occasionally contacted his office; however, at this particular time, OFFIE was out of town and it was not known when he would return to New York City. LOVESTONE declined to state where OFFIE resided and could be located when in New York City.

An attempt was made with negative results to determine if OFFIE resided at hotels in the vicinity of 1710 Broadway when visiting New York City.

The files of the New York Division were searched with negative results concerning the following individuals:

Bulgaria. At this time, [redacted] denied he was a Communist and had stated that he left Bulgaria to go to Sweden in 1943 because of the Nazis. He stated that he was a member of the Agricultural Party which was opposed to both Communism and Nazism. ~~(A) (U)~~

It is also indicated in this file that [redacted] Dr. G. M. DIMITROV of Washington, D. C., who is called the leader of the Bulgarian fatherland front opposition in the United States, head of the People's Peasant Party, and a refugee from Communist Bulgaria.

It is also indicated that [redacted] and his wife are alleged to have made statements that they had connections in the United States governmental agencies and for a fee would have Immigration and other matters adjusted for Bulgarian aliens. [redacted] is described as a gossip and a meddler by people in the Bulgarian Colony in New York, who has alienated himself because of unorthodox social and political activities. He is also in disfavor because of creating discord in Bulgarian Orthodox Church affairs.

In August, 1949, [redacted] was interviewed and denied all allegations. The facts concerning [redacted] obtaining money from Bulgarian aliens in return for services in connection with Immigration matters were presented to the United States Attorney, who declined prosecution in absence of any substantive violations. [redacted] is also reported to be a secret purchasing agent for Russia, Bulgaria, and Yugoslavia.

In reference report, it was set out on page 12 that the subject was in contact with one HECTOR J. DOWD of 8 West 40th Street, New York City. The files of this office contain information concerning HECTOR J. DOWD as reflected on page 12 of referenced report.

In the case entitled "Seaboard Construction Company, Rye Lake Airport; Fraud Against the Government", it is reported in New York report dated August 6, 1943 that HECTOR J. DOWD is Vice President of this company and resides at 1158 Fifth Avenue, New York City. The files of this office also indicate that the Seaboard Construction Company of 8 West 40th Street has restricted Navy contracts in connection with the Atomic Energy Program. and also that HECTOR J. DOWD maintains an office in this same room. The above case concerning the Seaboard Construction Company; Fraud Against the Government, concerns the construction of the Rye Lake Airport at Harrison, New York, by that company for the Civil Aeronautics Authority. Allegations were made that the contractor was deliberately violating specifications in connection with the construction of the airport. The facts of this particular case were discussed with the New York Regional Office of the War Frauds Unit and it was cited by HERBERT L. ABRONS, chief of this office, that further investigation was unnecessary and it would be taken up with the Department of Justice, suggesting that this case be closed.

It was also noted in referenced report on page 13 that the subject contemplated purchasing a new automobile, which was being arranged through a mutual friend, BERNARD E. SMITH. It will be noted that in the above-mentioned file pertaining to the Seaboard Construction Company, it is reflected that BERNARD E. SMITH, better known as BEN SMITH, is President of the Seaboard Construction Company. SMITH'S address is given as 1158 Fifth Avenue, New York City, which appears to be identical with that residence of HECTOR J. DOWD. It is indicated that SMITH was President of the Seaboard Construction Company since approximately 1941. It is set forth that BEN SMITH at one time was a member of the New York Stock Exchange and has been associated with various corporations, the result of which he has accumulated a tremendous fortune. In 1929 he was reported to have made millions in the stock market, engaging in various transactions in the early 1930's which netted him considerable profits.

This file contains further information concerning BEN SMITH; however, this is not being set forth in view of the fact that it is not known if he is identical with the BERNARD E. SMITH who was believed to be a mutual friend of the subject.

Bureau of Internal Revenue is willing to ask Offie to furnish copies of his missing tax returns if FBI so desires. This will not be done at present since such inquiries might interfere with Bureau's investigation of Offie. If you desire to have this done in future, submit specific recommendation by memorandum.

No record located by Bureau of Internal Revenue indicating Offie was recipient of any gift for which a gift tax return was filed.

Attachments reflect Offie reported receiving dividends of \$1831.75 in 1947, and \$2790.00 in 1949. Investigation should be directed toward establishing the sources of these funds.

Re Bureau letter dated November 10, 1950 and my letter to the Bureau dated November 22, 1950.

A few days subsequent to the original contact made by an Agent of this office with the Riggs National Bank, Washington, D. C. in an effort to obtain information concerning the account of CARMEL OFFIE at said bank, a telephone call was received by Special Agent J. B. Cook of this office from Mr. [REDACTED] at the Riggs National Bank, to the effect that an Agent of the Internal Revenue had served a subpoena on the Riggs National Bank calling for all the information concerning the accounts of CARMEL OFFIE. [REDACTED] stated that the high officials of the Riggs National Bank were "considerably upset" at this inquiry and believed that information had been furnished to the Internal Revenue by the FBI concerning the existence of an account at the Riggs National Bank. It is to be noted that this telephone call was made in the evening hours direct to Special Agent Cook's home telephone. It is to be further noted that [REDACTED] is a very close personal friend of the Agents of this office and that [REDACTED] a Special Agent in the San Francisco Office. [REDACTED] is extremely anxious at all times to assist this office in their investigations at the Riggs National Bank.

At a later date [REDACTED] stated that [REDACTED]

[REDACTED] of the Riggs National Bank, had closely questioned the Internal Revenue Agent concerning the source of their information regarding the account of CARMEL OFFIE in an endeavor to ascertain if their information was obtained from representatives of the FBI. [REDACTED] stated that [REDACTED] had informed him that if he could get any information that the FBI had furnished anything to the Internal Revenue in this case that he would immediately suspend the giving of any information to the FBI on any matters whatsoever.

[REDACTED] was assured that no information was given by this office to any representative of the Internal Revenue and that all information received by the Bureau concerning accounts at the Riggs National Bank was kept in the strictest confidence and the source of the information was not revealed to anyone outside of the Bureau.

On November 30, 1950, [REDACTED] stated that another Agent of the Internal Revenue had requested the records of all checks deposited to the account of CARMEL OFFIE at the Riggs National Bank. He

stated that this would entail two to three weeks work on the part of employees of the Riggs National Bank and that [redacted] was very much upset at this request in that he considered it highly unreasonable.

[redacted] stated that [redacted] would possibly bring this matter up with the Agents of this office at some future date and that he was conveying this information in order that this office might be warned and be prepared with the appropriate answer in the event that questions were asked by [redacted]

On November 8, 1950, [redacted] Special Agent, Bureau of Internal Revenue, Temporary Building S, Washington, D. C., telephone Sterling 8400, Extension 2702, telephonically contacted this office and advised that while he was monitoring the account of subject at the Riggs National Bank, he had learned that this Bureau had also made inquiry at the Bank concerning OFFIE's financial transactions. He stated that he was calling so that this matter could be discussed with him by an agent of the Washington Field Office. As a result, Special Agent James J. Canavan on November 9, 1950 interviewed [redacted] concerning this matter. He indicated that the Bureau of Internal Revenue was interested in developing information to determine if OFFIE had failed to pay all taxes due on his income and further if he had neglected to file a Gift Tax Return with regard to gifts he had received, as required by the Tax Law.

[redacted] stated that he had interviewed OFFIE concerning the sources of his income but that OFFIE had not given him a very coherent story. He stated that OFFIE admitted receiving money from former Ambassador WILLIAM C. BULLITT, claiming that the moneys he had received from him were in the nature of gifts. However, OFFIE claimed, according to [redacted] that since the gifts did not amount to more than \$3,000.00 per year, he was not required to file a Gift Tax Return. This statement, however, is not borne out by the facts since his account at the Riggs Bank shows, among others, one check which he received from BULLITT in the amount of \$6,000.00.

DEFERRED RECORDING

[redacted] also stated that he had obtained from OFFIE his cancelled checks and that he also planned to make a thorough inquiry concerning any items deposited to OFFIE's account which appeared to be significant.

[REDACTED] further advised that he planned to check into the purchases of real estate by OFFIE to determine the source of funds used for these purchases. (3)(b)(X)

He evidenced a willingness to cooperate with this office and stated that if any information of significance was developed in this investigation he would furnish it to Agent Canavan.

An attempt was made to learn from [REDACTED] the basis for the investigation being conducted by the Bureau of Internal Revenue; however, [REDACTED] appeared reluctant to divulge this information, and each time the subject was broached by Agent Canavan, Mr. [REDACTED] would reply that his agency was interested in determining whether OFFIE owed taxes of any nature to the Government, thus avoiding a direct answer to the question.

Contact will be maintained with [REDACTED] and any information received from him will be furnished to the Bureau.

Concerning a possibility that OFFIE may have obtained considerable funds from dealing in illegal money transactions in Europe while serving with the Department of State, the Bureau is requested to consider the advisability of interviewing [REDACTED] East Chicago, Indiana.

Special Agent Clifford J. Nelson, who handles Yugoslav matters in this office, states that he is acquainted with [REDACTED] who has previously cooperated with this Bureau, and he believes that [REDACTED] may be able to furnish information regarding OFFIE's activities in Europe.

It has been ascertained that OFFIE maintains a checking account at the Riggs National Bank, 1503 Pennsylvania Avenue, N. W. The deposits made by OFFIE to this account have been monitored from January, 1946, to June, 1950. Since most of the items deposited were identified only by the name of the bank or clearing house number of the bank upon which they were drawn, it will be necessary to review the Recordak photographs of these checks in order to determine the identity of the drawer.

With regard to the request contained in Bureau letter of September 1, 1950, to ascertain if possible whether there have been any charges against OFFIE's account for sums paid to individuals in Paris, it was determined at the Riggs National Bank that they do not make Recordak photographs of checks drawn on accounts of their own depositors.

It was not apparent from the records of the bank that any of the items deposited to OFFIE's account were from sources in France in the nature of rental collections for real property. However, the possibility exists that if OFFIE is the recipient of such funds, payments could be made to him through some other bank in the United States. This could possibly be determined through a review of Recordak photographs of the checks deposited to OFFIE's account. The only items deposited that were drawn on banks outside the United States were as follows: Checks drawn on the Bank of Montreal, Toronto, Canada, and the Royal Trust Company, Toronto, Canada. Since the amounts of these checks coincide with the amounts of checks received by OFFIE from the Hudson Bay Mining and Smelting Company, it was believed that all these checks represent stock dividend payments to OFFIE from the above company.

Two checks deposited on February 24, 1947, each in the sum of \$70.

Two checks deposited on March 5, 1947, in the amounts of \$70 and \$29.43, respectively.

Some of items deposited to OFFIE's account were indicated to be pay checks; however, there were also a number of items drawn on the United States Treasury which are believed to be pay checks although not so indicated. Also, some of the items drawn on the U. S. Treasury would appear to be possibly interest payments on U. S. Government bonds or expense checks received by OFFIE during his tenure as a Government employee.

OFFIE's account also reflects that he has received sums of money from former Ambassador WILLIAM C. BULLITT. There was deposited to his account on January 7, 1947, a check drawn on the account of WILLIAM C. BULLITT at the Girard Trust Company, Philadelphia, Pennsylvania, in the sum of \$2,561.36. Another check in the sum of \$700 was deposited on March 4, 1947. Then on April 4, 1947, another check drawn by BULLITT in the sum of \$6,000 was deposited. Again on December 19, 1949, a check drawn by BULLITT in the sum of \$217.31 was deposited to OFFIE's account. There was also deposited to his account on December 24, 1948, a check in the amount of \$1,000 drawn on the Girard Trust Company, Philadelphia, Pennsylvania; and although the payer of the check was not indicated it was possible that this was also drawn on BULLITT's account. There were also a number of other checks deposited to OFFIE's account drawn on the Girard Trust Company which are set forth in the work papers of SA (A) J. BERNARD COOK. Assuming that all of the checks deposited to OFFIE's account which were drawn on the Girard Trust Company were those of WILLIAM C. BULLITT, it would appear that OFFIE, over the past four years, has received a total of \$16,058.57 from former Ambassador BULLITT.

It is therefore requested that this office be advised whether the Bureau desires that the Recordak photos of the checks deposited to OFFIE's account be reviewed and further whether leads obtained as a result of this procedure should be directed from this office to other offices.

Attempts were made to obtain a copy of the Evening Star newspaper of September 8, 1950; however, this office was advised by the Evening Star that no copies of this issue were available. However, it was ascertained that in the Evening Star for that date there appeared in BETTY BEAL's column information concerning the purchase of a house on Rowland Place, N. W., by OFFIE. It has been determined that this house is located at No. 3318 Rowland Place, N. W.

The records of the Recorder of Deeds for the District of Columbia have failed to reflect that the deed conveying this property to OFFIE has been placed on record as yet. When the details of this transaction are ascertained from these records attempts will be made to ascertain where OFFIE secured the funds for the purchase of this property. The pertinent portion of the article in the Evening Star of September 8, 1950, has been quoted in a report in instant case dated October 20, 1950, which has already been forwarded to the Bureau.

There are being forwarded as attachments to this communication for the information of the Bureau and the New York Office photo-static copies of the work papers prepared by SA COOK, who monitored the account of the subject at the Riggs National Bank.

It is interesting to note that although OFFIE appears to have large sums of money invested in real estate his income over the years

would not appear to justify the accumulation of such large sums of money. A perusal of the Foreign Service list published by the Department of State for the past few years indicates that OFFIE, [REDACTED] attained the rank of a Class 4, Foreign Service Officer. In this list dated January 1, 1947, his salary was indicated to be \$6,600 per annum. As of January 1, 1948, \$6,900 per annum, and as of July 1, 1948, \$7,200 per annum. OFFIE remained with the State Department until August, 1948, and it is not known whether he received any increases in salary prior to his severance. In addition to his salary he undoubtedly received a living allowance, but it would not appear reasonable that this would amount to enough to enable OFFIE to accumulate the money to justify the expenditures he has made for real estate.

The Bureau's attention is directed to the report of SA JAMES J. CANAVAN dated August 2, 1950, which reflects that OFFIE on July 18, 1950, had dinner with an individual believed to be ROBERT E. KELLEY, a former State Department employee. Information obtained from the Department of State concerning this individual reflects that while stationed at Ankara, Turkey, with the State Department it was alleged that KELLEY engaged in black market money transactions. It is possible that OFFIE was engaged in such transactions which would account for his accumulation of funds. It is also noted in Bureau letter dated August 28, 1950, information is contained to the effect that a [REDACTED]

{ It is suggested that if the Bureau has not already done so, attempts might be made to obtain further information concerning these allegations from the State Department. It is also suggested to the Bureau that a review of OFFIE's income tax returns for the years 1946, 1947, and 1948 may throw some light on the amount and sources of his income.

In an effort to determine the basis for the Internal Revenue investigation concerning Carmel Offie, the Bureau approached a contact in the Internal Revenue Bureau on a confidential basis through liaison channels. This individual reported that an Internal Revenue agent, through a routine examination of income tax returns submitted by Carmel Offie, discovered an irregularity in the manner of reporting huge medical expenses, unsupported by vouchers. For the purpose of developing information concerning such expenses, the Internal Revenue agent interviewed Offie. When he called at Offie's residence, he observed that the subject had a servant working for him and that the furnishings in his home were of very expensive nature. When the Internal Revenue agent commented in an off-hand fashion how nice some of these furnishings were, Offie openly bragged that many of them had been gifts from prominent individuals. As a result of this interview, the Internal Revenue agent referred the matter to the appropriate section of the Internal Revenue Bureau as a possible fraud case. The investigation which the Internal Revenue Bureau is presently conducting concerning Offie has as its purpose to discover whether Offie has received gifts for which no gift tax returns have been filed, or has received funds from sources other than his regular income sources, which funds have not been accounted for in his regular annual income tax returns.

It is noted that our investigation of Carmel Offie is of an espionage nature, based upon allegations to the effect that he [REDACTED] (X) (S)

Remylet December 1, 1950.

[redacted] Riggs National Bank, Washington, D. C., telephonically advised this office that [redacted] of the Riggs National Bank, on November 29, 1950, called in for a conference, a Mr. COX, SAC of the Washington Office of the Internal Revenue.

[redacted] stated that [redacted] asked Mr. COX specifically if the F. B. I. had furnished any information to the Internal Revenue concerning CARMEL OFFIE. Mr. [redacted] stated that COX' reply was that he was not furnished any information in this case nor any other case by the F. B. I. [redacted] stated that COX answered [redacted] further by stating that the F. B. I. neither furnished any information to the Internal Revenue nor did the Internal Revenue furnish any information to the F. B. I.

[redacted] then asked COX his source of information concerning CARMEL OFFIE. COX' reply was that the information came through an Internal Revenue Agent, the ultimate source of which information he was not privileged to disclose.

On December 1, 1950, Special Agent J. B. COOK had occasion to contact [REDACTED] on another matter and he made no reference to the CARMEL OFFIE case. It is believed that this possibly might be a closed issue as far as [REDACTED] is concerned and that he is probably satisfied with the explanation furnished by Mr. COX.

While conducting the investigation concerning Offie, certain information has come to light which it is thought may be of interest to you.

The Congressional Record for April 25, 1950, reveals that there was considerable discussion on the floor of the Senate that day concerning the manner in which the Senate Foreign Relations Subcommittee, headed by Senator Willard E. Tydings, was handling its investigations of charges of subversive activities by certain Federal Government employees. Senator Joseph R. McCarthy and Senator Tydings were involved in these discussions. Senator McCarthy on one occasion made the following comments:

In connection with the statement of the Senator from Maryland (Tydings) that he wants proof, is the Senator aware of the fact that I gave the Senator from Maryland, personally, and in public, before the other four members of the Committee, a complete record of a man working for the State Department, getting somewhere between ten thousand dollars and twelve thousand dollars a year? This man has now been assigned to [redacted]. I originally had difficulty finding out who was paying him. The best information I can get now is that he is being paid by the State Department, and, therefore, [redacted] cannot discharge this man. I was extremely curious to know why [redacted]

Is the Senator aware of the fact that I gave the complete police record of this man to the Senator from Maryland, this man who was a homosexual? in an extremely sensitive position, being paid by the American people some ten or twelve thousand dollars, and yet, so far as I know, the Senator from Maryland has not done one single thing to get him off the Government payroll. The discussions concerning the subversive activities of certain Government employees were concluded by Senator Kenneth S. Wherry. He commented in part as follows:

I am now privileged to say -- and I am going to say it -- that within the last thirty minutes I have been informed by the head of a Government agency that the man against whom the Senator from Wisconsin (McCarthy) made a charge on the Senate Floor this afternoon, has finally resigned, and his resignation is going to be accepted within the next day or two.

A review of the Congressional Record covering Senate proceedings on April 25, 1950, revealed that there was considerable debate on the Floor of the Senate that day concerning the manner in which the Senate Foreign Relations Subcommittee, headed by Senator Millard E. Tydings, was handling its investigation of charges of subversive activities by various Federal Government employees. Senator McCarthy and Senator Tydings engaged in an exchange of charges and countercharges, during which Senator McCarthy spoke as follows:

In connection with the statement of the Senator from Maryland (Tydings) that he wants proof, is the Senator aware of the fact that I gave the Senator from Maryland, personally, and in public, before the other four members of the Committee, a complete record of a man working for the State Department, getting somewhere between ten thousand dollars and twelve thousand dollars a year? at the State Department to see why he is there, and the only answer I got from one of my friends over there was, "Well, perhaps it is because he is a fairly nice fellow - that is, if you like the type."

Senator Wherry made the last speech before the Senate went to recess 4-25-50. During the course of it he commented in part:

I am now privileged to say -- and I am going to say it -- that within the last thirty minutes I have been informed by the head of a Government agency that the man against whom the Senator from Wisconsin (McCarthy) made a charge on the Senate Floor this afternoon, has finally resigned, and his resignation is going to be accepted within the next day or two.

Although Senator Wherry made a few general references during the course of the aforementioned debate to perverts in Government service, this appears to be the only specific reference he made which may have pertained to Carmel Offie.

FROM : Mr. Henrich

SUBJECT: CARMEL OFFIE  
ESPIONAGE - IS

PURPOSE

To advise you that WFO has learned the Internal Revenue Service is conducting an investigation concerning Offie. To recommend that we discontinue inquiries which were undertaken originally to establish the sources of Offie's funds. To recommend that Mr. Lawrence of our Liaison Section endeavor to secure from the Internal Revenue Bureau any information developed through its investigation which may be of interest to the Bureau in our espionage investigation of Offie.

DETAILS

By memoranda dated 11-20, 22-50 and 12-1, 2-50, the WFO brought to the attention of the Bureau information indicating that the Internal Revenue Bureau is presently conducting an investigation concerning Carmel Offie. This information first came to light on 11-8-50 when Special Agent [REDACTED] of the Bureau of Internal Revenue contacted the WFO to report that he had learned of the Bureau's investigation of Offie while monitoring the subject's account at the Riggs National Bank in Washington. [REDACTED] indicated the Bureau of Internal Revenue is interested in developing information to determine if Offie had failed to pay taxes due on his income and if he had neglected to file a gift tax return regarding gifts he had received as required by the tax law.

The WFO subsequently reported that an official at the Riggs National Bank in Washington had been very upset over the fact that an agent of the Internal Revenue Bureau had served a subpoena on the bank calling for all information concerning the accounts of Offie. The official knew that the Bureau had previously approached the bank for information concerning Offie's accounts and, therefore, believed the FBI had furnished information to the Internal Revenue Bureau concerning the existence of the accounts at the bank.

Subsequently the bank official had a conference with a Mr. Cox Special Agent in Charge of the Washington Office of the Internal Revenue Bureau. He called this conference for the purpose of determining if the FBI had furnished any information to the Internal Revenue Bureau. Mr. Cox was said to have advised the bank official that he was not furnished any information in this case or in any other case by the FBI; that the FBI neither furnished information to the Internal Revenue Bureau nor

received any information from the Internal Revenue Bureau. This apparently satisfied the bank official and although it was thought for a while the situation might jeopardize the relations our Field Office has with the bank, there no longer appears to be any danger of this.

Mr. Lawrence of our Liaison Section approached a contact he has in the Intelligence Service of the Treasury Department, whose name is [redacted] for the purpose of determining the basis for the investigation of Offie presently being undertaken by the Internal Revenue Bureau.

[redacted] advised Mr. Lawrence that an Internal Revenue agent through a routine examination of income tax returns discovered an irregularity in one of Offie's returns in connection with the reporting of huge medical expenses, unsupported by vouchers. The Internal Revenue agent called at Offie's residence to discuss this with him and discovered that Offie has a servant working for him and has several expensive items in his home which he revealed had been gifts from prominent individuals. The Internal Revenue agent determined that Offie had not filed any gift tax returns and being of the opinion that Offie was living beyond the income he had reported, referred the matter to the appropriate section of the Internal Revenue Bureau as a possible fraud case. Thereafter, the Internal Revenue Bureau undertook the investigation which resulted in the subpoena on the [redacted] Riggs National Bank. (S)(X)(S)

[redacted] Our interest in Offie's financial status and sources of income (S)(X)(S) arose incidentally when we received a report from [redacted] to the effect that Offie owned two apartment buildings in Paris. [redacted] said the sources of the funds used to purchase these buildings were unknown. We also received information

(S)(X)(S) to the effect that there are rumors indicating former Ambassador William C. Bullitt or former Ambassador Kirk had given Offie huge sums of money or had set up a trust account for his benefit. (S)(X)(S) (X)(U) Bracketed information classified

Since we are primarily interested in Offie from an espionage standpoint, and since we have learned that the Internal Revenue Bureau is investigating his financial status and the sources of his funds, it is believed that we should discontinue our inquiries in the latter connection.

It is felt that this is especially advisable since our inquiries may conflict with those being undertaken by the Internal Revenue Bureau.

It is believed that we should be able to secure through liaison channels from [redacted] any information developed as a result of the Internal Revenue Bureau investigation which would be of interest to the Bureau in our investigation.

## Office Memorandum

• UNITED STATES GOVERNMENT

Criminal Division

SUBJECT: Carmel Offie  
Fraud Against the Government

DATE: January 4, 1951

JN: FED:cse

16-16-137

Referral/Consult

In your memorandum of December 19, 1950, relating to the above case, you discuss developments of the investigation pertaining to the application for employment filed by Carmel Offie with the [redacted]

[redacted] You inquire whether, in view of [redacted] failure to disclose his prior arrest by the Washington, D. C., [redacted] Police Department in application forms filed by him with the [redacted] mentioned agency, there should be further investigation. [redacted] SIDE FILE CLASSIFICATION ACTION

It was stated in the second paragraph of your memorandum, "it was ascertained that Offie filed two application forms at the time he was seeking employment with [redacted] from which he omitted information concerning this arrest." Following this the said memorandum discusses first a personal history statement received by [redacted] from Offie on Form GPO-2118-S-1948 on October 11, 1946. In this particular statement, Offie answered in the negative the question on the said form whether he had ever been arrested, indicted, etc. Reference is made to a second statement, one dated February 16, 1949, which Offie signed, to the effect that the information supplied by him in his personal history statement dated September 20, 1948, was still accurate and correct. A third form discussed in your memorandum was identified as "Standard Form 57 - June 1946," in which the question about a record of conviction or whether ordered "to drop" for the violation of any law, police regulation or ordinance (excluding minor traffic violations for which a fine of \$5.00 or less was imposed)" was answered in the negative.

[redacted] It is not clear whether reference to the various statements made by Offie respecting a previous arrest record discussed in your memorandum included the two application forms he filed when seeking employment with the [redacted] Clarification as to this point would be appreciated, and if there were, in fact, two application forms signed by him in addition to those mentioned in your memorandum, copies of said application forms should be procured for examination. In addition, further investigation is desired to ascertain the procedure observed by representatives or employees of the [redacted] in accepting statements from Offie which were neither dated nor signed, and whether said representatives or employees knew the statements received from Offie were prepared by him. Reference, in this connection, is made to Form GPO-2118-S-1948 and to Civil Service Form 57 filed by Offie.

Also, it should be ascertained how Offie's certification of February 16, 1949, was accepted by [redacted] officials when it related to a personal history statement referred to by Offie as having been dated September 20, 1948, although no personal history statement of that date was located.

After the additional information requested herein has been procured, decision will be made as to whether prosecution is to be sought.
